yet rigid

Uniform,
flat surface

UV Resistant for
outdoor use

2 year
guarantee

✓ ENHANCED CORROSION
RESISTANCE

✓ IMPROVED CUTTING
CAPABILITIES

✓ SUPERIOR ROUTING
PERFORMANCE

MADE IN BRITAIN

Alupanel A-Lite is our new digital panel which has the same excellent specification as the whole Alupanel® range.

Made using the highest grade materials, A-Lite offers superb rigidity and impact resistance together with a smooth, flat surface. The superior Polyethylene core, specially developed paint system and unique easy-peel protective film combine with a 0.20mm alloy skin to provide a panel of outstanding quality.

Available in matt/matt or gloss/matt, both sides of the panel have a finish that has been developed specifically for digital and screen printing. This helps display colours with increased brightness and intensity with the added benefit of greater durability. The high quality film provides excellent protection and is designed to remove smoothly and easily, leaving no residue on the panel.

SIGNALWHITE9003

Applications:

- Printing direct
- Sign making
- Wayfinding
- POS displays
- Shop-fitting
- Outdoor advertising
- Exhibition design

0.2mm high grade aluminium skin

High quality PE core

Co-extruded adhesive for a superior bond

Ultra-white finish developed specifically to display colours with increased brightness, intensity and durability

Easy-peel protective film designed to protect the panel

Introducing the new white point for our A-Lite panels.

- ✓ Increased light reflection for a brighter finish
- ✓ Enhanced contrast to surrounding colours
- ✓ Still with our special digital coating

SIGNALWHITE9003 will help to deliver more vibrant results whatever type of printing you're doing.
